## LONG BEACH, CALIF., EXPANDS WIRELESS VIDEO SOLUTIONS

Aug 2, 2007 2:01 PM, - MRT

**Wi4Net**, a provider of wireless-broadband and video solutions, was selected to expand the existing video-surveillance network in Long Beach, Calif., by adding 12 wireless cameras to its 4.9 GHz-based public-safety surveillance networks. The expansion will provide surveillance for the sports arena, convention center, and various other high-traffic areas, according to the company.
